College of Science and Engineering: *The Institute of Technology Years (1935-2010)*

For 75 years the Institute of Technology, now the College of Science and Engineering, has pioneered in research, innovation, and technology transfer to Minnesota and the world. The people behind this unique institution are revealed in this concise illustrated history, prepared by its own team of professional historians.

Thomas J. Misa is Professor of History of Technology, Robert W. Seidel is Professor of History of Science, and Nathan Crowe and Margaret Hofius are graduate students in the Program in the History of Science, Technology, and Medicine, where Ronald Frazzini received his Ph.D. in 2006.
